

April 2009

Dear Friends—

By the time you are reading this, we will be in our 40th Anniversary Celebration for Europe Teen Challenge. The theme of this conference is “40 Years of Faithfulness”. At this writing, we have more registered than ever before! We are anticipating over 400 people from over 30 countries. What is most encouraging is that many of these participants are just a sample representation from each country. We have a big family in Teen Challenge Europe. I thank God for giving us some of the best workers in the world. Please stop and pray for this meeting, and that God would speak to our hearts, give us His wisdom, and meet all of the needs of these various programs.

During the months of January and February I was again visiting several of our programs around Europe. One of those visits was somewhat difficult because we were handling some organizational and personnel problems. I am happy to report the situation is much improved.

I also visited Ireland where Teen Challenge is now operating a men's center as well as a women's center. What a great encouragement to see what God is doing there. The men in the TC Ireland program pledged financial help for the TC work in Moldova—what a testimony to the change God is working in their lives! A few months earlier, several of them were stealing money, now they are giving to God's work!

We are in the process of purchasing a building that will house the Europe TC headquarters. There is also an apartment in the building where Terry and I will live. If you want to help us with this we would be delighted!

On the home front, our daughter Elise is graduating from college in May, and our son Michael will graduate from High School. We are "busting our buttons" with pride for our kids. They are doing well and God is blessing them.

Thanks to all of you from the bottoms of our hearts for your years of faithful support.

God Bless!

Thomas J. Bremer
Executive Director Eastern Europe Outreach, Inc.
